MISSION

Buzz IT is designed to empower adults with intellectual and cognitive disabilities by offering specialized classes to strengthen their computer knowledge. Participants will learn not only how to use computers but also how to build components. We are committed to empowering and hiring them in the field of IT, helping them surpass the horizons of a Busy Bee. In addition, we will provide IT services and offer refurbished computers, phones, and devices at an affordable cost.

SERVICES PROVIDED

- 01 Services & Repair
- 02 Technology Training & Classes
- 03 Computer & Laptop Sales
- 04 Refurbishment of Devices & Computers

BUZZ IT

Buzz IT provides job opportunities, allowing individuals to work alongside staff members, fostering teamwork, responsibility, and technological skills. This hands-on approach equips participants with tools for success in both work and life, while reinforcing the value of community and purpose.
